Benefits of Third-Party Testing and Certification

❖ For Service Providers or Manufacturers

- Reduce non-compliance, liability, rejection of service/products and resulting financial risks
- Enhance company's reputation and image
- Create business opportunities due to improved acceptance and confidence of customers

Benefits of Third-Party Testing and Certification

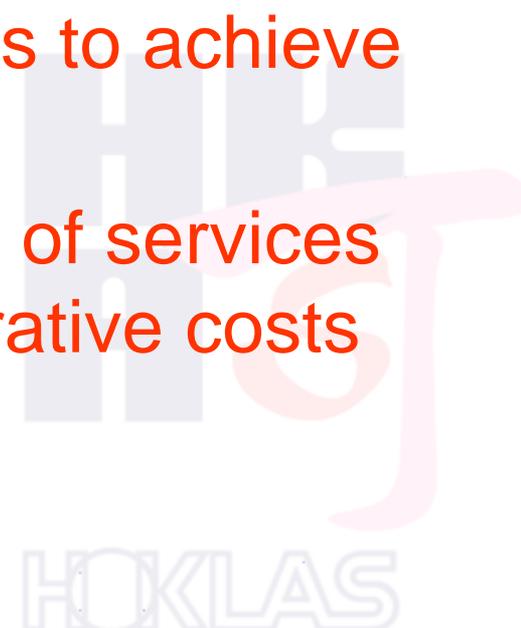

Customers/Public

- ◆ Identification of high quality services
- ◆ Reduce monitoring

Regulators

- ◆ Apply private sector resources to achieve regulatory objectives
- ◆ Uphold safety and conformity of services and products at low administrative costs

HOKLAS

Impact of “Wrong Results”

- Incorrect test results
 - hazardous to service/product users
(public health/environmental issue)
e.g. water testing
- High cost of recall/replacement of non-compliance products/service (financial loss)
 - subsequent loss of customers
(loss of confidence/loyalty)
 - further financial loss

Hong Kong Accreditation Service (HKAS) 香港認可處

Hong Kong Accreditation Service (HKAS)

- ✦ Part of Innovation and Technology Commission of the Hong Kong Special Administration Region Government

香港特別行政區政府
創新科技署

- ✦ Set up in 1998 (previously known as HOKLAS since 1985)
- ✦ Provides independent and impartial accreditation services

- 
- HKAS provides accreditation services to testing laboratories, certification bodies and inspection bodies under 3 schemes:

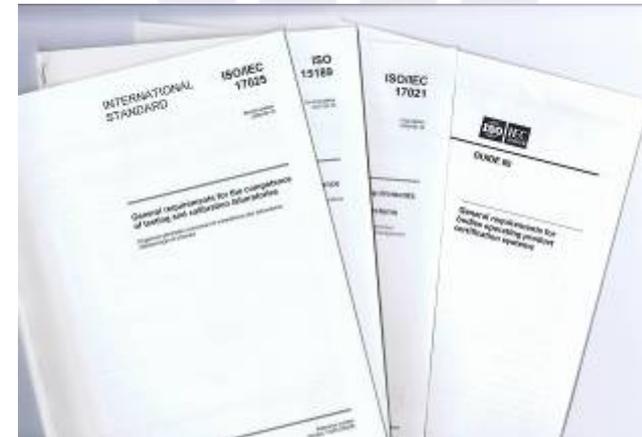

- HOKLAS (香港實驗所認可計劃)
- HKCAS (香港認證機構認可計劃)
- HKIAS (香港檢驗機構認可計劃)

Features of HKAS Accreditation

- Open and Voluntary
- Based on international standards
- Rigorous assessment by independent experts
- Continuous monitoring
- Independent and impartial
- International recognition

HOKLAS – Scope of service

- ▶ Calibration Services
- ▶ Chemical Testing
- ▶ Chinese medicine
- ▶ Construction Materials
- ▶ Electrical and Electronic Products
- ▶ Environmental Testing
- ▶ Food
- ▶ Forensic Testing
- ▶ Medical Testing
- ▶ Miscellaneous
- ▶ Pharmaceutical Products
- ▶ Physical and Mechanical Testing
- ▶ Textiles and Garments
- ▶ Toys and Children's Products

HOKLAS – Environmental Testing

- Chemical tests
- Microbiological tests
- Biological toxicity tests
- Noise
- HEPA appliance
- Biosafety Cabinetry

HOKLAS – Environmental Testing

Nature of samples (chemical/biological tests)

- Water, Wastewater, Saline water
- Sediment, Soil, Sludge
- Biota (fish and shellfish)
- Air (indoor, outdoor, ash)
- Waste (solid, semi-solid, liquid, solvent & Oil)
- Asbestos
- Consumer Products (e.g. Paint)

HKCAS – Scope of service

- **System Certification**
 - ISO 9001 Quality management system (QMS)
 - ISO 14001 Environmental management system (EMS)
 - ISO 50001 Energy management system (EnMS)
- **Product Certification**
 - Construction materials
 - Consumer products
- **Greenhouse gases (GHG) Validation and Verification**
 - At organisation, project or product level

HKIAS – Scope of service

- Inspections related to production of consumer products (factory inspection, pre-production, during-production and pre-shipment inspection of specific products)
- Inspection of construction products and welds
- EPD's **Indoor air quality** scheme

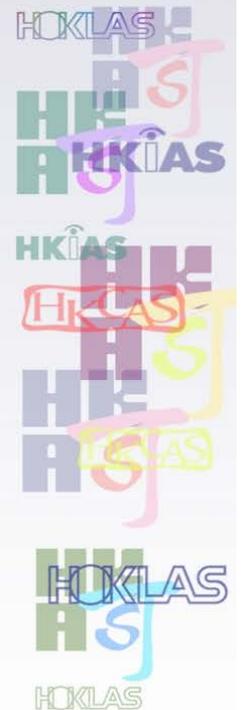

Endorsed Reports and Accredited Certificates

- ⊕ Unless otherwise approved and specified, only results of accredited activities can be shown in endorsed reports and accredited certificates
- ⊕ The competence of the accredited activities has been assessed → the reliability of results in endorsed reports and certificates can be assured

International Recognition

- ✦ HKAS is signatory to the International Laboratory Accreditation Cooperation (ILAC) and International Accreditation Forum (IAF) Mutual Recognition Arrangement (MRA)
- ✦ Endorsed test reports and accredited certificates issued by HKAS accredited organisations are recognised by HKAS's MRA / MLA partners in **over 90 economies** worldwide

Benefits of using accredited testing, certification and inspection services

- ✦ Competence of conformity assessment bodies have been assured, providing confidence in services
- ✦ Minimize the risk of failed products or services due to wrong results
- ✦ Eliminate the need for repetition of testing, certification and inspection (through MRA / MLA) → reducing costs and facilitating free trade across borders
